### *My experience as Ballet Master*

*Dance has always been a deep vocation .I have had the privilege to study with several masters of the Russian, French and Cuban schools who have transmitted the essence of their knowledge to me.*

*After a dancing career first in Heidelberg, then with the Scapino Ballet and finally the Ballet Royal de Wallonie, where I have been promoted ballet master under the leadership of Jorge Lefèbre.*

*I have pursued my career as ballet master during 20 years successively at the side of Elsa Marianne von Rosen in Malmö, Sweden, of Doris Laine at the National Ballet of Finland, at the Deutsche Oper am Rhein in Düsseldorf with Heinz Spoerli and Youri Vamos and finally with Uwe Scholz at the Leipziger Ballet.*

*For these companies I have also created several choreographies.*

*This trip, in Europe, as performer (12 years), as ballet master and teacher (20 years) and choreographer, has allowed me to appreciate, discover and direct a great number of artists with as many styles as personalities. This experience pushes me today to transmit this art to younger artists and to collaborate with the most classical to the most contemporary choreographers.*

*Since 2000, I am frequently invited as guest teacher and ballet master with the Cullberg Ballet and Göteborg Ballet in Sweden as well as numerous companies in Hanover, Warsaw, Ljubljana ,Maribor, Madrid, Israel and Japan.*

*Rigour, technique, precision, pedagogy together with lyricism and expression, are the characteristics of my way of working.*
